JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Public Health Reports

Treasury Department, United States Marine-Hospital Service. Published in accordance with act of Congress approved February 15, 1893.

VOL. XII. WASHINGTON, D. C., NOVEMBER 26, 1897. NO. 48.

UNITED STATES.

Yellow fever in the South.

[Continuing the account of yellow fever in the South from November 18.]

November 18: A fatal case of yellow fever reported at Fort Barancas, Fla., eight miles from Pensacola.

November 21: State Health Officer Sanders, of Alabama, wires that all quarantines are removed.

November 24: The Florida State health authorities still requiring disinfection of merchandise from Mobile and New Orleans. Surgeon Murray is authorized to supervise such disinfection at Mobile.

In response to a request of Mayor Randolph, Acting Assistant Surgeon Geddings ordered to Greensboro, Ala., to supervise post-epidemic disinfection.

November 25: The issuance of public bulletins by the Louisiana State board of health discontinued, and all house quarantines in New Orleans removed.

End of yellow fever at Pensacola, Fla.

[Telegram.]

PENSACOLA, FLA., *November 22, 1897.*

No further manifestation disease at Pensacola, and nine days since Goldberg died; 14 since first taken sick; none who were exposed during sickness have been or are now sick from any cause; house to house inspection completed Saturday noon; shows no suspicious fever here. Barrancas has now 3 cases; advised moving entire command into camp 2 miles from post, which has been done.

JOS. Y. PORTER,
State Health Officer.
